the number of pupils enrolled at the district or site on October 1 of the previous fiscal year
Alternative teacher compensation revenue for a qualifying intermediate school district
must be calculated under section 126C.10, subdivision 34, paragraphs (a) and (b).

- (c) For a newly combined or consolidated district, the revenue shall be computed using the sum of pupils enrolled on October 1 of the previous year in the districts entering into the combination or consolidation. The commissioner may adjust the revenue computed for a site using prior year data to reflect changes attributable to school closings, school openings, or grade level reconfigurations between the prior year and the current year.
- (d) The revenue is available only to school districts, intermediate school districts, school sites, and charter schools that fully implement an alternative teacher professional pay system by October 1 of the current school year.
- (e) For purposes of this subdivision, for fiscal year 2010 and later, "inflationary increase" means one plus the percentage change in the Consumer Price Index for urban consumers, as prepared by the United States Bureau of Labor Standards, for the current fiscal year to fiscal year 2009.
- 2.17 **EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2010 and later.
